NEL Evidence, Innovation, and Connections

This exciting and innovative ‘NEL Evidence, Innovation, and Connections conference’ with a focus on Primary Care is for people working in all sectors of North East London health and care system and will focus on the latest advances in evidence-based practice. This conference will provide a platform for sharing knowledge, exchanging ideas, and exploring innovations in primary care settings. The dedicated sessions are designed to support delegates in their clinical and management decision-making.

This conference is provided for you by the [NEL Primary Care Knowledge Specialist \(NELPCKS\)](#) service and funded by NELFT Medical Education. The NELPCKS project is funded by NHS England Workforce, Training and Education (formerly Health Education England) until January 2024 and is part of NEL Training Hub and hosted by the NELFT Library and Knowledge Service.

Booking: The conference is free to attend, although registration is required [click here](#).

Free Training For Primary Care Freedom To Speak Up Guardians

The National Guardian Office provides universal freedom to speak up training which primary care guardians should complete. 'Speak Up, Listen Up, Follow Up' is divided into three modules. It helps learners understand the vital role they can play in a healthy speaking up culture which protects patient safety and enhances worker experience.

You do not have to work for an NHS organisation to access this training. It is available to anybody who would like to register. Contact e-Learning for Healthcare if your organisation would like to embed this within your own Learning Management System (LMS).

Information about the training can be found here-[The LTC outcomes, the process for developing them, and Q&A](#).

[Here](#) is the link for the e-learning.

Register To Become A Health Ambassador

As you may be aware we have a group of 'Health Ambassadors' who are NHS staff from various professional groups including clinical and non-clinical roles.

Health Ambassadors volunteer to promote their profession and work in the NHS as well as engage, excite and encourage young people by sharing their own experiences.

It would be brilliant to increase the number of Health Ambassadors across London from various professions including Primary Care, Pharmacy, AHPs etc.

Please circulate this information via newsletters and bulletins and also with your networks and colleagues, this is much appreciated.

If you are interested in becoming a Health Ambassador please [click here](#) or email healthambassadors.ldn@hee.nhs.uk.

Aspiring to Partnership Programme

Open to staff working across North East London For aspiring and new partners in general practice. North East London Training Hub are pleased to offer a suite of Modules to support aspiring partners. Staff are encouraged to take advantage of this opportunity to support personal development.

Courses available:

Please book one or more module (s) individually.

Module 4: Practice Premises [book here.](#)

Module 5: Due Diligence & Partnership Agreements [book here.](#)

Module 6: Team Leadership and HR [book here.](#)

Please contact Zehra Safdar - zehra.safdar@nhs.net if you have any queries.

GP - Community Pharmacy Consultation Service

Open to General Practice staff across NEL.

A referral process from a General Practice to a Community Pharmacist GP CPCS has been developed & rolled out successfully both nationally and within NEL. To allow GPs to create additional capacity giving them more time and focus to see patients who would otherwise be required to wait longer for appointments. Also to enable pharmacists to utilise their skills and knowledge to further serve the community.

These sessions will be held virtually via Microsoft teams.

Dates:

Tuesday 19th September 2023| 10.00 - 12.00

Thursday 19th October 2023| 13.00 - 15.00

Thur 16th November 2023| 10.00 - 12.00

Thursday 14th December 2023| 13.00 - 15.00

To register for any of the dates above [click here.](#)

Further information about GP CPCS can be found [here.](#)

Please watch a video [here](#) which provides background info on the service.

Trauma Informed Care

12-week certificated distance learning programme

NEL Training Hub is pleased to announce the launch of our 12-week distance learning course for trauma informed care. The course is fully-funded, self-directed and supported by monthly tutor-led Q&A sessions.

On completion of the course and achieving at least an 80% grade in the online quiz, you'll receive a certificate of completion from Teeside University. Please note, we will also soon be launching our taught course in trauma informed care which consists of 6 full days of learning. This additional programme will begin in August 2023.

Click [here](#) to apply and contact SHLS-Contracts@tees.ac.uk for any questions or queries.

NHS T2DR Training Webinars

Demystifying Self Harm (virtual 3 hour workshop)

This course will allow the space for participants to openly explore thoughts/feelings and to have open conversations about self-harm. This workshop will allow the space for participants to have open conversations about self-harm, including unpacking our own feelings and attitudes around self-harm (including thinking about our own faith, beliefs, life experience) and acknowledge them so that we are informed of how they may present and impact the support we provide.

Trainer Bio – Sarah Tahsildar

Sarah is a Qualified Social Worker and has over 15 years' experience of working in the health and social care sector, including domestic abuse services, children centres, adoption and fostering teams and homelessness services. Sarah now works as a Learning and Development Practitioner, and the Mental Health faculty Lead for 'Training for Mental Health'.

Workforce Planning Masterclass - August 2023

What is the purpose of the masterclass?

The masterclass will take you through the 6-step workforce planning methodology from start to finish, using a robust process that, if followed thoroughly, will greatly increase your chance of successful implementation of your workforce plan. Whilst the 6-step methodology has been around for a long time, the value in this particular programme is a clear offer of support, within a curriculum to ensure quality training, in tools and techniques that can be applied to real-life projects. It allows participants to share their learning within their organisation, applying the methodology and tools to support tangible workforce improvement.

To register [click here](#) and for more details.

Seeking A Practice Manager Lead For Up to 1 -day per week.

The UK is recognised worldwide as a leader in genomics and the unique structure of the NHS is allowing the delivery of genomic advances at scale and pace for patient benefit. As part of NHS England's (NHSE) strategy to establish a national Genomics Medicine Service (GMS), building on the success of the 100,000 Genomes Project, NHS England has commissioned seven genomic laboratory hubs (GLHs) each responsible for coordinating genomic and genetic testing services for a particular part of the country, including the start of whole genome sequencing.

Role & Responsibilities

This role presents an exciting opportunity for a Practice Manager to join the established North Thames GMS Alliance team. Perform a key role in ensuring the NTGMS Alliance develops a network of practice managers regionally across primary and community-based care to enable the development of the operational working relationships in taking forward the strategy.

For more information please contact info@manoravenue.co.uk quoting Jul24
