London GP Supervisor Course - Change to registration process

Are you an aspiring GP supervisor/GP educator in primary care? NHS England Workforce, Training and Education Directorate (WT&E) provides a fully funded GP supervisor course for GPs who want to become a GP educational supervisor (GP trainer) or clinical placement supervisor for health care placements in primary care in London. This GP supervisor course has replaced the former ISLA Course and GP Educational Supervision Course. Once the GP Supervisor Course has been completed, please contact your local ICS Training Hub to apply for approval as a new educator.

Registration process

Registration for future GP supervisor courses is now overseen by ICS Training Hubs.

Once you have registered with your Training Hub, new potential GP educators are encouraged to contact their local GP vocational training scheme (VTS) and attend their local multi-professional educator group. Your local Training Hub can direct you to the VTS and multi-professional educator group for your borough.

To register your interest for a future GP supervisor course, please contact your local ICS Training Hub who will support you with next steps and a sign-up form:

- **North East London:** fednet.neltraininghub@nhs.net

Course dates

There are **two course intakes each year** for new GP supervisors in London.

- September to January (Expressions of interest open in May and are open for 4 weeks. Places confirmed by 2nd week of June)
- February to June (Expressions of interest open in September/October and are open for 4 weeks. Places confirmed by 2nd week of October/November)

Who is this course for?

This course is for potential GPs supervisors who are:

- Working in an approved learning environment,
- In a substantive GP post in London working a minimum of 4 clinical sessions per week
- At least 2 years post CCT (or equivalent),
- Wish to become a primary care educator for:
 - GP trainees (ST 1 – 3, Foundation), and/or any other clinical speciality on an accredited NHS England training pathway in primary care.

Course structure

This is an **interactive course over 11 weeks** for GPs who are in a substantive post in London for at least two years. There is a time commitment of approximately 45 hours for the course (including course contact days and preparation).

NHS England: Looking After You - free confidential coaching and support

Looking After You coaching provides confidential wellbeing support and is available to everyone working in NHS primary care.

This is an opportunity to prioritise and look after yourself whilst you continue to look after others. Over 10,000 primary care colleagues have benefitted from coaching – and so could you. See links below.

Primary Care Anchor Network Celebration Event

NHS England's Workforce, Training and Education Primary Care team is hosting a Primary Care Anchor Network Celebration Event on **Thursday 12th October, 15:00 – 18:00** at Restaurant - 2nd Floor, 10SC, Canary Wharf, London, E14 4PU.

This event will be set up as a world café which will enable a huge opportunity for networking with colleagues across London and gain a greater understanding of what successful work that has happened across London, in the last year.

If you would like to attend this event, please email england.WTELondonPrimaryCare@nhs.net.

Nursing Apprenticeship Event

NHS England National Apprenticeship Team in partnership with the NMC and Ofsted invite you to the Nursing Apprenticeship Event on **Thursday 12th October**, 12:00pm – 3:30pm, Kia Oval, Kennington Oval, London, SE11 5SS.

This event is for NHS employers and training providers of Nursing Associates (NA) and/or Registered Nurse Degree Apprentices (RNDA).

Hear from key stakeholders ESFA, NHSE, NMC, Ofsted & OFS and have the opportunity to ask the panel questions.

- Suggested attendees: HEI Nursing Apprenticeship Leads, Heads of School, Apprenticeship Leads, Trust & Primary Care Nursing Apprenticeship Leads
- Please register your interest [here](#) (See attached flyer.) Maximum 2 attendees per organisation so please liaise with colleagues.
- The venue has a limited capacity, so please register quickly. Additional registrations will be placed on a waiting list.

Patient Voices for Social Prescribing Programme

Patients with lived experience of social prescribing from across London can now sign up for the opportunity to develop their skills in storytelling, connect with others and use their voice to improve social prescribing services.

This new programme, comprising of a series of group sessions, will primarily support patients in how to deliver their story with impact.

Find out more about the programme on the [Transformation Partners in Health and Care webpage](#) plus:

- [Guidance for applicants](#) and [link for patients to sign up](#)
- [Guidance for social prescribing services](#) on how to communicate and share this opportunity with clients

If you would like to find out more, please email mollie.mccormick@nhs.net

RCGP - Essential Update Programme

Essential Knowledge Update (EKU) 2023.3 provides high quality, interactive, peer-reviewed modules packed with clinical scenarios, practical tips and learning points. Designed to update your knowledge on the latest changes within primary care and highlight your learning and service needs, each of the modules take just 30 minutes to complete and can be accessed in practice, at home or on the go. This new edition to the EKU Programme focuses on hidradenitis suppurativa, delirium, diabetic foot problems, non-diabetic hyperglycaemia and prevention of type 2 diabetes and stroke.

Please see the attached flyer for further information.

To access or learn more about the EKU Programme please visit the [RCGP Online Learning Environment](#)

Injections and Immunisations Training for HCAs

The face to face training will only be half day which will mainly be practical skills development. However prior to attending delegates MUST complete the full E- learning modules that cover the theoretical aspects of the training.

Venue: Bernie Cameron Centre, Merchant Street, London E3 4LX

Various dates and times available.

This course is ONLY available to Healthcare Assistants (HCAs). As this is a shorter training programme, hence less comprehensive, we are unable to take bookings from admin staff without any clinical expertise and competency. Please do not share or encourage admin staff to register.

All registered delegates will receive a link to access the E-learning platform. We advise that delegates complete the E-learning prior to attending the face to face practical sessions. Note you will not receive a certificate of attendance until you complete both parts of the training.
