## The Role of the Supervisor in Diabetes Management – Webinars

This 2.5-hour webinar is aimed at supervisors i.e. GP trainers, Pharmacists, PA Students and Paramedics; working in North East London. The focus of the programme is supervising health professionals responsible for Diabetes in a multidisciplinary environment. This webinar introduces the supervisor's role and explains the GMC/CQC regulatory requirements.

The theories will build on the importance of ensuring that the learner develops and is motivated to achieve outcomes. The workshop will also focus on the competency assessment framework along with a case-based study for review and discussion.

**Timings:** 10.00 – 12.30

**Dates** (you only need to join one of the dates):

- 21st May
- 30th May
- 13th June

To book a place on any of the above dates, [book here](#). See more information on the flyer [here](#)

# The Future of Primary Care In Conversation With Dr Lucy Martin

Join **Dr. Mohit Venkataram**, Deputy Chief Executive at NELFT, in conversation with **Dr. Lucy Martin**, GP Partner at Eve Hill Medical Practice and Acting Medical Director at Dudley Integrated Health and Care NHS Trust in collaboration with North East London NHS Foundation Trust and East London NHS Foundation Trust to explore how Dudley Integrated Health and Care NHS Trust is pioneering healthcare by integrating general practice with community physical and mental health services.

This groundbreaking Trust is the first in the country to manage the health and wellbeing of Dudley's entire population under an outcomes-based contract.

Hear about their innovative strategies and the impact of their services on community health.

## Webinar: Asthma Management for Children and Young People

Are you looking to enhance your skills in managing asthma in children and young people? We have an exciting opportunity for you!

Due to the success of last year's Asthma Management for Children and Young People, BHR CEPN are thrilled to invite you to our upcoming webinar, "Asthma Management and Treatment in Children and Young People," where you'll gain invaluable knowledge and practical insights from leading experts in the field.

In this interactive webinar, you'll learn how to:

- Confidently carry out comprehensive asthma assessments for children and young people
- Contribute to the accurate diagnosis of asthma in this age group
- Effectively escalate and de-escalate asthma treatment as needed
- Manage acute asthma attacks with confidence
- Provide competent post-asthma attack care

Whether you're a GP, practice nurse, pharmacist, or healthcare assistant working with children and young people's asthma, this webinar is tailored to meet your needs and enhance your expertise.

We will be running two sessions on the following dates:

- **Wednesday, June 12th, 12 - 1 PM**

Spaces are limited, so [click here](#) to register and be part of this invaluable learning experience!

# Executive Medical Leadership Master's Programme exclusively designed for doctors

This is a specialised Master's degree that offers advanced leadership training for doctors, including GPs, Clinical Directors, clinical leads and others, delivered by Bayes Business School.

The course starts September 2024 and deadline for applications is the 5th of August 2024.

BHR CEPN will arrange 100% funding for successful applicants, where needed.

**If you work less than 30 hours per week, it's still possible to apply for this apprenticeship. Please contact [Kerrie](#) to discuss.**

Click [here](#) for more information.

## Spotlight

Congratulations to Gurjit Cholia on her nomination for Practice Supervisor of the year in the Student Nursing Times award 2024.

Well deserved recognition.

## Sharing your insights to improve health equity in North East London Survey

NHS North East London ICB recognises the pressing issue of health inequalities in our communities and emphasises the importance of addressing them. To this end, the Health Equity Academy, in collaboration with Altogether Better, is developing a curriculum and programme tailored to primary care professionals. The aim is to equip participants with the skills necessary to tackle health disparities as part of their everyday work. A brief anonymous [survey](#) has been launched by the Altogether Better team to gather insights, taking no more than 5 minutes to complete. Responses will be anonymised and shared for broader understanding. Participants will have the opportunity to express interest in contributing further or participating in the programme.

# Physician Associate Peer Support Group

Are you a Physician Associate (PA) in BHR? Would you like to be part of a Peer Support Group for and dedicated to PAs?

PAs have been a vital addition to Primary Care (PC), bringing diversity and capacity to the offer for patients across BHR. Working alongside GPs, you are bringing much needed expertise and capabilities to the PC workforce across England. And now that the quality and profession has been recognised through regulation of the role, it will hopefully bring stability.

At BHR CEPN, we want to bring you all together to share your knowledge, experience and encourage collaboration amongst yourselves. The PA Peer Support group I would like to create will be a safe space to share stories, generate new perspectives on challenges being faced and meet your collective and individual needs. I will support by realising some of the opportunities available to us and responding to some of the challenges.

If this is something that is of interest to you then please contact me [Yasmina Querdane](#).

## JOB OPPORTUNITY: Programme Delivery Lead

Please see exciting opportunity to apply for a **Programme Delivery Lead** post supporting NEL ICS Pharmacy Workforce Transformation.

The individual will be a part of the NEL ICS pharmacy workforce transformation group and be responsible for several projects, working together with workstream leads whilst planning and delivering the priorities identified and agreed by the group. They will also have a significant role in developing and submitting successful business cases as well as building relationships with system partners to progress workforce transformation.

**Band:** 8b

**Working hours:** 0.6 WTE (Part time, flexible)

**Contract:** 12-month fixed term

**Link for JD and application:** <https://www.bartshealth.nhs.uk/jobs/#!/job/v6305616>

**Closing date:** 2nd June 2024

Please contact [Shammi Khatun](#) if you would like more information.

# Phlebotomy refresher course

Elevate Your Phlebotomy Skills with our Refresher Course!

Are you a Phlebotomist looking to refresh your skills? This training will provide you with updated skills on how to draw blood in various methods using proper techniques and knowledge. This is not an introduction course, and you will need to have completed an introduction to phlebotomy prior to this training.

**The training will be hosted via Zoom.**

Please note your practice will need to provide phlebotomy clinics to patients upon finishing this course.

To register select your preferred date below:

- [Thursday 6 June, 9.30 - 1pm](#)
- [Wednesday 12 June, 9.30 - 1pm](#)

For more information please contact:

Contact [Kerrie Haley](#) for further inquiries on any of the apprenticeships via email or call directly on **07895 526907**.

# NHSE Apprenticeship & Notices

## London Maternity Clinical Network Webinar

**Date: 21st May 2024 at 1pm - 2pm**

The London Maternity Network are hosting an event for GPs across London to join and gain updates on maternity care. The NHS London Maternity Clinical Network are pleased to announce details of the next webinar aimed at supporting primary care clinicians with postnatal maternal checks.

This event will be jointly chaired by **Sunita Sharma** (London Postnatal Clinical Lead, Obstetrician) and **Anu Jacob** (GP, Maternity Clinical Lead SWL ICS).

[Please click here to register your attendance.](#) Please also complete the [pre-event survey](#). Please don't hesitate to contact [Maisie.nair@nhs.net](mailto:Maisie.nair@nhs.net) if you have any queries.

### Webinar recording: Building Sustainable T Level Placement Programmes

What are the issues for large employers and how can they be tackled; you can still view the webinar or slides with the link below. In the 1.5 hour online session, Strategic Development Network (SDN) gave an overview of how large employers can:

- Build sustainable programmes delivering high-quality industry placements across the organisation
- Work with multiple providers including colleges and schools in different areas of the country
- Integrate T Levels into their early careers plans alongside work experience, apprenticeships and graduate schemes
- Create progression routes for T Level students into jobs and apprenticeships, including degree apprenticeships
- Support students as they progress through these pathways and realise their aspirations.

The [webinar recording and slides can be found here](#). If you'd like to find out more about T Levels, check out HASO [T levels page here](#).

### London Cancer Community of Practice – Face to face event

**Date/Location: 16th July, 9:15am – 13:45pm / Central London Community Healthcare NHS Trust, London, W1D 3HZ**
